# SMITH & WESSON® 2017

It is my great honor to join Smith & Wesson as President of the Firearms Division this year. While new to this historic and legendary company, I have over a decade of experience in the firearms industry and I am humbled by the opportunity to shepherd Smith & Wesson going forward. Our mission is to design and manufacture the high-quality, innovative firearms that you have come to expect from Smith & Wesson. We have operated under that founding principle since 1852, and we remain as dedicated to that goal as we were 165 years ago. Personally, I am equally committed to the same high standard for quality, customer service, and manufacturing excellence.

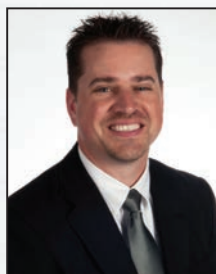

For 2017, we continue leading the industry with innovation. The new M&P® M2.0™ pistol represents the next generation of our popular, full-sized M&P pistol. With its cutting-edge trigger, grip, frame and finish, the M&P M2.0 takes the great M&P platform and steps it up a notch. Regardless of which of the three available calibers you choose, this accurate, sleek, and durable new addition to the M&P family of pistols is the pistol you've been waiting for.

This year, you will also find more than forty additions to our robust pistol, revolver and rifle product lines, including two powerful, short barrel versions of our popular stainless-steel Combat Magnum™ revolvers. Now with 2.75-inch barrels, the Models 66 and 69 offer compact yet powerful protection. We also offer new finishes and features on many of our M&P sporting rifles and pistols.

The Performance Center® is introducing several new additions, including the new M&P10 6.5 Creedmoor rifle. The new M&P10 6.5 Creedmoor rifle will amaze shooters with a two-stage trigger, Magpul® buttstock and pistol grip, and 15-inch Troy Industries free float handguard. Rounding out this year's highly anticipated offerings is the new Ported M&P®45 Shield™ pistol, available with fiber optic or night sights.

While much in our world has changed in the past 165 years, one thing holds true - Smith & Wesson remains steadfast in its commitment to providing you with outstanding firearms for sport, recreation, protection and professional use.

Thank you for your loyalty.

Matt Buckingham  
President, Smith & Wesson Firearms

# M&P M2.0™

by Smith & Wesson®

Introducing the latest innovation to our respected M&P® pistol line, the M&P® M2.0™. Designed for professional, personal and sporting use, the M&P M2.0 features upgrades to nearly every aspect of the pistol. Overall, it's one of the most advanced production pistols on the market today. This is the M&P pistol you have been waiting for.

Our engineers utilized a decade of M&P experience when designing the M&P M2.0 and it shows. The M&P M2.0 feels and fires like a next-generation model. With its innovative trigger, grip, frame and finish, the M&P M2.0 takes its cue from the great M&P platform, and steps it up a notch. Highlights to the M&P M2.0 include an extended stainless-steel chassis and high grip to barrel bore axis ratio for reduced muzzle rise and faster aim recovery. The M&P M2.0 further improves performance with a fine-tuned, crisper M&P M2.0 trigger, lighter pull and a tactile, audible reset. Available in three calibers, the pistol includes an aggressively-textured grip and four interchangeable palmswell inserts for optimal hand-fit and trigger reach. The M&P M2.0 pistol is an ideal pistol for all shooters in all conditions.

M&P M2.0 - The Future of M&P is here today.

# M&P<sup>®</sup>

by **Smith & Wesson<sup>®</sup>**

Precision built to be the most accurate and reliable firearms, the M&P<sup>®</sup> series is an experience you have to feel to believe. Durable and comfortable, they are capable of handling as many rounds as you are. With an ever-expanding line of full-size, compact and sub-compact pistols, revolvers and modern sporting rifles, M&P<sup>®</sup> brings premium firearms to serious shooters.

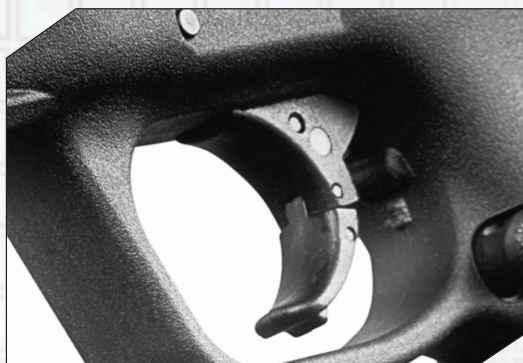

Introducing the M&P® M2.0™ pistol, an enhanced version of our popular, full-sized M&P® pistol. Available in 9mm, 40 S&W and 45 AUTO, the M&P® M2.0™ pistol features key improvements to nearly every aspect of the firearm. The M&P® M2.0™ boasts four interchangeable palmswell grip inserts and an aggressive new texture that keep the pistol tight in your hand for greater control. Its light, crisp trigger with audible reset and strengthened chassis keeps you on target. Accurate, ergonomic and durable, this is the sleek, modern pistol you have been waiting for. Looking for complete shootability? You've found it.

## FEATURES AND BENEFITS

- High grip to barrel bore axis makes the M&P® M2.0™ pistol more comfortable to shoot, reduces muzzle rise and allows for faster aim recovery
- Proven optimal 18-degree grip angle for natural point of aim
- Four interchangeable palmswell grip inserts for optimal hand fit and trigger reach - S, M, ML, L
- Aggressive grip texture for enhanced control
- New M&P® M2.0™ crisp trigger with lighter trigger pull
- Tactile and audible trigger reset
- Accurate 1 in 10" twist M&P® M2.0™ 9mm and 40 S&W barrels and 1 in 15" twist for M&P® M2.0™ 45 AUTO.
- Extended rigid embedded stainless steel chassis to reduce flex and torque when firing
- Reversible magazine catch for both left and right hand shooters
- User-friendly rotating takedown lever for disassembly and reassembly of the firearm
- Ambidextrous slide stop gives the ability to operate the firearm easily by both right or left-handed users
- Ambidextrous thumb safety is an additional safety feature to block trigger movement (available on some models)
- Armornite® durable corrosion resistant finish on stainless steel barrel and slide
- Sear deactivation lever allows disassembly of the firearm without pulling the trigger
- Picatinny-style rail fits most accessories
- Ships with two magazines

M&P® M2.0™ FULL SIZE PISTOLS

SMITH-WESSON.COM

## ADVANCED™ BY DESIGN.

Armornite® finish is a hardened nitride finish that provides: Enhanced corrosion resistance, greatly improved wear resistance, decreased surface roughness, reduced light reflection and increased surface lubricity. Armornite is used on many Smith & Wesson® and M&P® products imparting a high level of protection internally and externally where applied.

See M&P® Full Size Availability on Pages 24-25

# M&P® FULL SIZE PISTOLS

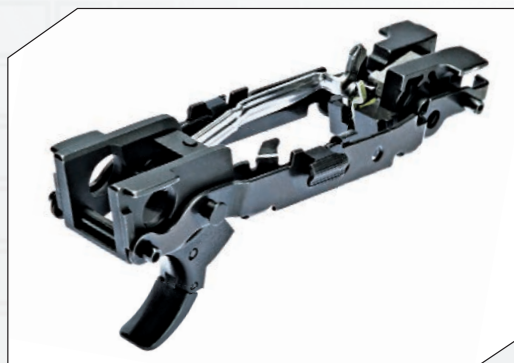

M&P® FULL SIZE PISTOLS

The innovative M&P® Pistol series offers a number of distinctive features. A lightweight, high-strength polymer frame, reinforced with a rigid stainless steel chassis provide the base. The stainless steel slide and barrel are through-hardened black Armonite® finish for durability. Safety features include a passive trigger safety to prevent the pistol from firing if dropped, a sear deactivation lever eliminates the need to pull the trigger in order to disassemble the firearm and a loaded chamber indicator located on the top of the slide to allows a visual check to see if the chamber is empty. Durable, safe and versatile, the M&P® is feature packed for your shooting needs.

## M&P® COMPACT PISTOLS

M&P® COMPACT PISTOLS

With an ever-expanding line that includes full-size and compact pistols, revolvers and model sporting rifles, M&P® brings premium firearms to serious shooters. M&P® COMPACT pistols feature adaptability popular with the full-size models with three interchangeable palmswell grip sizes. Two magazine options come with the pistol, a flush fit and an extended finger groove magazine for added length and control. A concealable pistol with features of the full size, the M&P® COMPACT doesn't cut corners, it just cuts down the size.

THREE INTERCHANGEABLE PALMSWELL  
GRIP SIZES

FLUSH FIT AND EXTENDED FINGER GROOVE  
MAGAZINE INCLUDED

### FEATURES AND BENEFITS

Features shown below are NOT available on all models featured in this section. Please see individual specs for details on pages 24-25.

- Compact version of the popular full-size M&P® pistol
- Two magazines included - one standard, flush fit and one extended finger groove
- Three interchangeable palmswell grip inserts for optimal hand fit and trigger reach - S, M, L
- Picatinny-style rail fits most accessories
- Reversible magazine catch for both left and right hand shooters
- Scalloped slide serrations for a secure grip when retracting the slide
- User friendly rotating take down lever for disassembly and reassembly of the firearm
- Ambidextrous slide stop gives the ability to operate the firearm easily by both right or left-handed users
- Ambidextrous thumb safety is an additional safety feature to block trigger movement (available on some models)
- Sear deactivation lever allows disassembly of the firearm without pulling the trigger
- Armornite® durable corrosion resistant finish on stainless steel barrel and slide

## M&P® BODYGUARD® SUB COMPACT PISTOLS & REVOLVERS

M&P® BODYGUARD®

Compact, sleek and ergonomic, the M&P® BODYGUARD®380 pistol delivers personal protection in an easy-to-carry, comfortable platform. Chambered for 380 AUTO, this lightweight pistol features a high-strength polymer frame with a Armornite® coated stainless steel slide and barrel. The M&P® BODYGUARD®380 pistol retains original design features including a 2.75-inch barrel, which contributes to an overall length of 5.5 inches and an unloaded weight of only 12.3 ounces making it perfectly suited for concealed carry.

### PISTOL FEATURES AND BENEFITS

*Features shown below are NOT available on all models featured in this section. Please see individual specs for details on pages 24.*

- Crimson Trace® integrated laser models
- Ambidextrous laser controls
- Adjust laser without any disassembly of the firearm
- Armornite® durable corrosion resistant finish on stainless steel barrel and slide
- Stainless steel drift adjustable sights
- External takedown lever and slide stop
- Manual thumb safety
- Double action fire control
- High-strength polymer frame
- Ergonomic grip
- Two magazines included - one standard, flush fit and one extended finger groove

## M&P® 22 FULL & COMPACT SIZE PISTOLS

M&P® 22 PISTOLS

The M&P®22 Pistol – Connecting the shooter to the shot. When you can utilize all the features of your gun without having to think about a single one, that's when you know there's an M&P® pistol in your hand. A gun you'll recognize the moment you pick it up. The M&P®22 pistol line, chambered in the popular .22 Long Rifle cartridge, combines the look, feel and familiar operation of popular M&P® centerfire pistols. Ideally suited for training or pure shooting enjoyment, this semi-automatic pistol upholds M&P® pistol's distinguished legacy of shooter-centric design.

### FEATURES AND BENEFITS - M&P® 22 FULL SIZE PISTOL

- Mimics the size of M&P® full-size pistol
- Threaded barrel - M8 x .75mm threads
- Ambidextrous manual thumb safety
- Ambidextrous slide stop
- Reversible magazine release for ease of reloading
- Picatinny-style rail fits most accessories
- Includes one magazine

### FEATURES AND BENEFITS - M&P® 22 COMPACT SIZE PISTOL

- Reduced scale version of the full-size M&P® pistol
- Threaded Barrel - 3/8" x 24 thread that takes a 3/8" x 24 to 1/2" x 28 adapter (adapter included with some models)
- Picatinny-style rail fits most accessories
- Ambidextrous manual thumb safety
- Adjustable rear sight
- Includes two magazines

## M&P® 15 SPORT™ II RIFLES

M&P® 15 SPORT™ II RIFLES

Backed by the Smith & Wesson® reputation for high quality components and consistent, proven reliability, the new M&P®15 SPORT™ II rifle offers enhanced upgrades to the original, industry leading M&P®15 SPORT™ rifle. Delivering a ready-to-go package with additional features including a forward bolt assist and dust cover, the M&P®15 SPORT™ II rifle brings added value to this already time-tested platform. Dependable, accurate and engineered for a wide variety of recreational, sport shooting and professional applications, the M&P®15 SPORT™ II rifle offers the best combination of price and function. Manufactured on a forged upper and lower receiver constructed of 7075 T6 aluminum, the new M&P®15 SPORT™ II rifle is as rugged as it is capable.

### FEATURES AND BENEFITS

*Features shown below are NOT available on all models featured in this section. Please see individual specs for details on pages 36.*

- Forged, integral trigger guard offers the optimal space needed for gloved finger
- Chromed firing pin for extended life
- Armornite® finish on barrel - interior and exterior
- Magpul® MBUS® folding rear sight
- 6-Position collapsible stock to accommodate various shooter sizes
- 30 round Magpul® PMAG® or 10 round magazine
- M4 feed ramp for reliable feeding
- Compatible with most standard modern sporting rifle components and accessories

Armornite® finish is a hardened nitride finish that provides: Enhanced corrosion resistance, greatly improved wear resistance, decreased surface roughness, reduced light reflection and increased surface lubricity. Armornite is used on many Smith & Wesson® and M&P® products imparting a high level of protection internally and externally where applied.

## M&P®10 RIFLES - 308 WIN

M&P®10 RIFLES

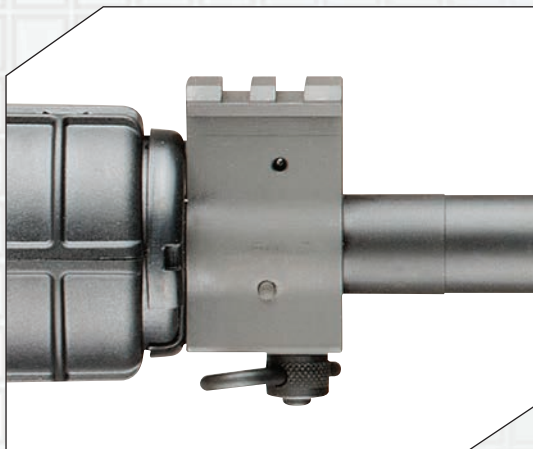

The M&P®10 rifle, chambered for .308 (7.62X51), is engineered with 5R rifling and 1 in 10" twist. It is as accurate as it is powerful, truly making it the versatile field leader for sport shooters, hunters and even practical shooting competitors. Easy to accessorize and hard to put down, the M&P®10 rifle delivers an expanded offering at extended range. By experts, for experts, the M&P®10 rifle keeps you at the ready.

### FEATURES AND BENEFITS

- 18" barrel with Armornite® finish - Interior and Exterior
- Mid-length gas system for more reliable cycling
- Ambidextrous magazine catch, bolt catch, and safety selector
- 5R Rifling for superior accuracy and easier cleaning
- Gas block with integrated Picatinny-style rail
- Patented S&W® flash suppressor - on select models
- Optics ready

Armornite® finish is a hardened nitride finish that provides enhanced corrosion resistance, greatly improved wear resistance, decreased surface roughness, reduced light reflection and increased surface lubricity. Armornite is used on many Smith & Wesson® and M&P® products imparting a high level of protection internally and externally where applied.

## M&P® 15-22 SPORT™ RIFLES

M&P® 15-22 SPORT™ RIFLES

Serious fun for serious shooters and built from the ground up on a dedicated .22 LR platform, the M&P®15-22 rifle series mirrors the M&P®15 rifle format with similar operating controls and proven performance. This high-quality sporting rifle line is ready for multiple applications. For training, competition or recreational shooting, the M&P®15-22 rifle provides the perfect blend of performance and enjoyment.

### FEATURES AND BENEFITS

Features shown below are NOT available on all models featured in this section. Please see individual specs for details on page 37.

- 10" M&P® slim handguard with Magpul® M-LOK®
- Accepts all M-LOK® accessories and M-LOK® rail attachments
- 2" M-LOK® rail panel included to attach Picatinny-spec, rail-mounted accessories
- Magpul® MBUS® folding sights
- Easy to mount M-LOK® accessories
- 6-position CAR stock to accommodate all shooter sizes
- Functioning charging handle retracts the bolt just like a full-featured centerfire rifle
- Shell deflector allows left and right-handed users to fire the rifle

Armornite® finish is a hardened nitride finish that provides enhanced corrosion resistance, greatly improved wear resistance, decreased surface roughness, reduced light reflection and increased surface lubricity. Armornite is used on many Smith & Wesson® and M&P® products imparting a high level of protection internally and externally where applied.

# Smith & Wesson®

For sport, recreation, protection and professional use, you can feel confident standing behind 165 years of reliability and accuracy. Smith & Wesson knows firearms and the world knows Smith & Wesson. Only the best will do.

## SW22 VICTORY® PISTOLS

SW22 VICTORY® PISTOLS

The Smith & Wesson® SW22 VICTORY® pistol comes standard with adjustable fiber optic sights and a match grade, interchangeable barrel for superb accuracy at the range or in the field. Other features include simple one-screw takedown, two 10-round magazines and a stainless steel frame. The SW22 VICTORY® pistol comes with an additional Picatinny-style rail for mounting optics or other equipment, creating a versatile pistol for both hunting and target shooting.

### FEATURES AND BENEFITS

- Adjustable trigger stop to limit overtravel
- Steel reinforced polymer thumb safety for more durability
- Stainless steel blow-back system allows the user to stay on target easier
- Picatinny-style rail included for accessory mounting
- Front sight with fiber optic insert
- Adjustable rear sight with fiber optic inserts
- Match grade stainless steel barrel
- Easy takedown

**SW22 VICTORY®

## SW1911 E-SERIES™ PISTOLS

Earning a reputation for both distinctive style and uncompromising performance, SW1911 E-Series™ pistols are engineered and designed with meticulous care. This attention to every detail is expressed through aggressive texturing, a precision-fit trigger, a high-strength titanium firing pin and a hammer-forged frame. Enhanced, elegant and elite, the SW1911 E-Series™ pistol line represents the finer side of firearms.

**FISH SCALE SERRATIONS  
FOR BETTER GRIP**

**LAMINATE WOOD GRIPS WITH  
AGGRESSIVE CHECKERING**

### FEATURES AND BENEFITS

Features shown below are NOT available on all models featured in this section. Please see individual specs for details on page 47.

- Scandium alloy frames for lightweight carry and durability
- Stainless Steel frames are highly durable and reduce felt recoil
- Fish scale slide serrations for a more tactile grip
- Scalloped E-Series™ laminate wood grips for better grip and control
- Tactical rail for easy mounting of lights and accessories
- Tritium night sights for low light situations
- Round butt frames for ease of concealment
- Enhanced extractor for more reliable extraction
- Two magazines included

**TACTICAL RAIL FOR EASY ACCESSORY MOUNTING  
(AVAILABLE ON SOME MODELS)**

## SDVE™ SERIES PISTOLS - SELF DEFENSE

The SD9 VE™ and SD40 VE™ pistols combine the best of both price and functionality in a reliable, ergonomic firearm engineered for personal protection. For optimal comfort and control, the SDVE™ pistols have been fitted with an 18° grip angle for a natural point of aim and an ergonomic grip with aggressive front and back strap texturing. The SDVE™ pistols also have the reliable Self Defense Trigger (SDT™), which provides a smooth, consistent trigger pull and enhances accuracy while providing users with increased confidence. Built to deliver dependability, accuracy, comfort and value, the SDVE™ models provide the peace of mind long associated with the Smith & Wesson® name.

### FEATURES AND BENEFITS

- Polymer frame for lightweight carry
- Stainless steel slide and barrel for extended life
- Fixed white dot sights for quick target acquisition
- Striker-fired action
- SDT™ - Self defense trigger for optimal, consistent pull from first round to last
- Ergonomic, textured grip for a confident hold
- Picatinny-style equipment rail
- Textured finger locator on frame for same hand hold each time

## REVOLVER - SMALL FRAME (J)

The tradition of innovation that began in 1852, endures today in Smith & Wesson's line of versatile and powerful revolvers. Smith & Wesson® revolvers are synonymous with accuracy, reliability and power. Regardless of your choice, a concealable J-Frame or an extra-large frame Model 460XVR™ .460 S&W Magnum revolver, you can rest assured that the same level of dedication to craftsmanship and design is embodied in each revolver produced by Smith & Wesson®. The unquestioned superiority of a Smith & Wesson® revolver is evidenced in every model, caliber and frame size.

# Performance Center<sup>®</sup> by Smith & Wesson<sup>®</sup>

Performance Center<sup>®</sup> revolvers, pistols, and modern sporting rifles are the embodiment of old-world hand craftsmanship and modern technology. The Performance Center<sup>®</sup> offers sophisticated shooters limited run, uniquely designed firearms with special features. When the most experienced and demanding shooters in the world are in the market for a new firearm, they turn to the Smith & Wesson<sup>®</sup> Performance Center<sup>®</sup>.

# PERFORMANCE CENTER® M&P® PISTOLS

PERFORMANCE CENTER® M&P® PISTOLS

Performance Center® ported pistols are skillfully engineered with the serious enthusiast in mind. Open division and action pistol competitors will also appreciate the pistol's precision cut ports which aid in reducing muzzle flip and improve the ability to remain on target after firing. Accuracy and precise shot placement benefit from the addition of a Performance Center® sear. The specialized sear allows for a crisp trigger pull along with a fast, defined reset in between shots.

## PERFORMANCE CENTER® PRO SERIES® M&P® PISTOLS

Bridging the gap between the standard production line and the Performance Center® line, Smith & Wesson® PRO SERIES® firearms represent the next step up for firearm enthusiasts. These firearms offer a variety of enhancements, yet still remain true to stock models. Bringing competition specifications and features to factory models, PRO SERIES® firearms present next level of performance to gun owners.

### FEATURES AND BENEFITS

Features shown below are NOT available on all models featured in this section. Please see individual specs for details on page 82.

- Adjustable trigger stop to reduce overtravel
- Three interchangeable, newly enhanced, textured palmswell grip sizes to fit any hand size
- C.O.R.E.™ - Competition Optics Ready Equipment slides with mounting plates included are cut to accept these optics: Trijicon® RMR, Leupold® Delta Point, Jpoint, Doctor C-More STS, Insight® MRDS
- Enhanced trigger for smoother action
- Performance Center® sear and plunger for a positive trigger reset and a lighter trigger pull

C.O.R.E.™ - SLIDE CUT TO ACCEPT MANY OPTICS

PORTED BARREL & SLIDE  
TO REDUCE MUZZLE FLIP

ADJUSTABLE TRIGGER STOP TO  
CONTROL TRIGGER OVER-TRAVEL

## PERFORMANCE CENTER® REVOLVERS PRO SERIES® REVOLVERS

The standard Performance Center® revolver is hardly standard by conventional definitions. We incorporate ergonomic designs that complement the user's intended purpose, whether it be for hunting, carry or competition. Cylinder charge holes are chamfered for easy loading and extraction. Performance Center® pistols and revolvers deliver structural integrity, functional efficiency, dependability and performance in a creative design to meet or exceed the standards of the world's most uncompromising shooting enthusiasts.

### FEATURES AND BENEFITS

Features shown below are NOT available on all models featured in this section. Please see individual specs for details on page 83.

- Cylinder cut for moon clips for easier reloads
- Night sights for low light target acquisition
- Ergonomic grips for a more comfortable grip
- Titanium cylinders that are lighter and stronger
- Chamfered charge holes for faster reloads
- Bossed mainspring improves the smoothness and consistency of the trigger pull
- Removable compensator for less muzzle flip
- Chromed hammer and trigger for crisper action
- Trigger stop to reduce overtravel
- Custom barrel with recessed precision crown to preserve accuracy
- Custom tuned actions

# SMITH & WESSON® ENGRAVING

SMITH & WESSON® ENGRAVING

## MACHINE ENGRAVING

Smith & Wesson® now offers machine-engraved firearms from our Custom Engraving Shop. This new technology utilizes a diamond-tipped tool that cuts the design into the surface of the firearm, producing an exceptionally clean and remarkably sharp hand-engraved appearance.

## CUSTOM ENGRAVING

You can custom engrave any Smith & Wesson® firearm or classic firearm that you own to create your personal masterpiece. The application of precious metals, as well as the art of embellishment, results in a one-of-a-kind piece that reflects not only the skill and vision of the master engraver, but also the artistic expression of the owner.

- Will accept 1 AK or 2 AR, 30rnd magazines per pouch
- Double sided, 3 pouches per side
- Made of durable ballistic fabric
- 6 fold over flaps with hook & loop closure
- Outside of 1 flap has loop backing to attach custom patches
- Double stitch re-enforcing
- Adjustable shoulder strap with heavy duty hardware
- External dimensions: approx. 11.125" W x 7.75" H x 6" D

## ACCESSORIES

**Product: 110198**  
**Model: GALAXY® RAY BLACK**

- Runtime: 30+hrs
- Beam distance: 6m
- Length: 2.25"
- Weight: 1 oz (w. batteries)
- Batteries: 4-LR44 (included)
- Water resistant
- Impact resistant
- Anodized aerospace aluminum
- Diamond cut knurling
- Push button switch on tail cap
- Aluminum spring clip key chain clasp

**Product: 110199**  
**Model: GALAXY® RAY DUAL COLOR**

- Ratings for white beam:
- Runtime: 30+hrs
  - Beam distance: 6m
  - Length: 2"
  - Weight: .8 oz (w. batteries)
  - Batteries: 3-LR44 (included)
  - Water resistant
  - Impact resistant
  - Anodized aerospace aluminum
  - Diamond cut knurling
  - Push button switch on tail cap
  - Black aluminum spring clip key chain clasp

**Product: 110200**  
**Model: GALAXY® RAY PINK**

- Runtime: 30+hrs
- Beam distance: 6m
- Length: 2.3"
- Weight: .9 oz (w. Batteries)
- Batteries: 4-LR44 (included)
- Water resistant
- Impact resistant
- Anodized aerospace aluminum
- Diamond cut knurling
- Push button switch on tail cap
- Aluminum spring clip key chain clasp

**Product: 110204**  
**Model: GALAXY® 9 LED**

- Runtime: 60hrs
- Beam distance: 15m
- Length: 4.5"
- Weight: 4.1 oz (w. batteries)
- Batteries: 3 AAA (included)
- Waterproof
- Impact resistant
- Anodized aerospace aluminum
- Diamond cut knurling
- On/off tail cap switch
- Includes batteries and lanyard

**Product: 110247**  
**Model: DELTA 2™ COMPACT COMBO**

### 77 LUMENS

#### FLASHLIGHT

- Runtime: 3hrs 45min
- Beam distance: 81m
- Length: 4"
- Weight: 2.8 oz (w. batteries)
- Batteries: 1 AAA (included)
- Waterproof
- Impact resistant

#### PENLIGHT

- Runtime: 30+hrs
- Beam distance: 11m
- Length: 5.85"
- Weight: 1.7 oz (w. batteries)
- Batteries: 2 AAA (included)
- Water resistant
- Impact resistant

Constructed from anodized aerospace aluminum in matte black with deep diamond cut knurling for secure grip. Flashlight has recessed tactical tail cap switch. Includes batteries, pocket clips, and lanyard.

## 42 LUMENS WHITE

20 WHITE / 4 RED / 4 BLUE LEDS

Ratings for white beam:

- Runtime: 15hrs 48min (white)
- Beam distance: 32m (white)
- Length: 6.5"
- Weight: 8 oz (w. batteries)
- Batteries: 3 AAA (included)
- Waterproof
- Impact resistant
- Anodized aerospace aluminum
- Diamond cut knurling
- Patented dual switch system for selection of white or colored LEDs
- Includes batteries, holster, and lanyard

**Product: 110250**  
**Model: SELF DEFENSE TACTICAL PENLIGHT**

- Runtime: 30+hrs
- Beam distance: 11m
- Length: 5.85"
- Weight: 1.7 oz (w. batteries)
- Batteries: 2 AAA (included)
- Water resistant
- Impact resistant
- Aerospace aluminum
- Diamond cut knurling
- Silent twist on/off
- Includes batteries, and integrated pocket clip

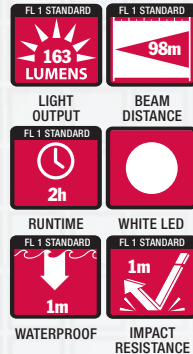

**Product: 110248**  
**Model: GALAXY® PATHMARKER™**

### 163 LUMENS

- Length: 6"
- Weight: 3.1 oz (w. batteries)
- Batteries: 2 AA (included)
- Anodized aerospace aluminum
- Shatterproof, scratch-resistant, tempered glass lens with anti-reflective coating
- Double "O" ring sealed for waterproofing, extreme weather and corrosion resistance
- Includes lanyard

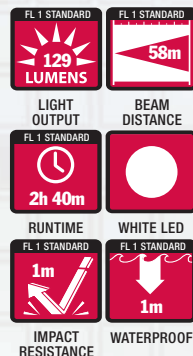

**Product: 110237**  
**Model: SW 5020**

### 129 LUMENS

- Length: 6.15"
- Weight: 4.5 oz (w. batteries)
- Batteries: 2 AA (included)
- Aerospace aluminum
- Diamond cut knurling
- On/off switch on barrel
